

## ***Comforting Women in Crisis***

**YOU WANT TO HELP,  
BUT YOU DON'T KNOW HOW...**

**It's not easy going through a divorce.  
Or finding out your husband is having an affair.  
Or experiencing a miscarriage...**

**Life can be painful.  
But it doesn't have to be lonely...**

Christians should never have to face trials on their own. We are called to share each other's burdens, but it's hard when someone is suffering. What's the right thing to say? The right thing to do? The best scriptures to pray?

***Comforting Women in Crisis* will equip you to share God's love and comfort with insight—and confidence.** This practical, interactive workshop will give you the words, actions, scriptures, and insight you need to effectively minister God's love, healing, and comfort to women in crisis.

You'll learn from real life stories of women who have been there, discover new ways to reach out in love, and take home practical tips on how to respond in the most helpful way possible.

Note: The *Comforting Women in Crisis* book will be available for purchase with all profits benefitting the women's ministry of LifeSpring church.
